

Completing the repair of County-maintained paved roads in 10 years is contingent upon the BOS approving a temporary 10-year half-cent sales tax. Please visit www.pima.gov/roadrepairplan for more information, including a map and list that allows you to look up your road, if it is located in unincorporated Pima County, and when it is proposed for repair under this plan. The BOS will vote on the Sales Tax Implementation Plan Ordinance on May 15, 2018, and the Resolution Levying the Sales Tax on June 19, 2018.
